

WIRING DIAGRAM

Four LEF-5's with Five Doors

Notes:

Masters will NOT talk to each other.
The masters talk to the doors by pushing buttons 1, 2, 3, 4, and 5.
Release the door by depressing the door release button, and
selecting one of the door stations.

The RY-PA is rated at 12V ~ 24V ac/dc at 1 amp.
22 awg = 650 feet
18 awg = 1500 feet
Shielded cable is recommended.
