

AC-CA1

Lockable Steel Enclosure with Power Supply

The AC-CA1 is a lockable steel enclosure manufactured by Altronix® designed to fit the ACS-2DR starter kit and up to three AC-2DE expansion boards.

It includes a power supply, tamper switch, removable backplane with standoffs, and ten conduit knockouts along the sides and the back.

The included Altronix® eFlow6NB UL listed power supply provides a selectable 12V DC or 24V DC output. Additional features include fire alarm disconnect, over voltage protection, low power disconnect, and relay outputs for supervision.

Altronix®
Power Supply

Access control components are not included.

- **Streamlined, self-assembly solution simplifies board layout and wiring**
- **Reduces installation time**
- **Selectable 12V DC or 24V DC**
- **Fire alarm disconnect**
- **Over voltage protection, low power disconnect**
- **Relay outputs for supervision**

Power Source Input 120V AC 60Hz
Output 12/24V DC, 6A

Material Steel

Weight 11.8 Lbs

UL Listings UL 294
ULC S319-05

Operating Temp 32°~120°F (0°~49°C)

Dimensions 18" H x 14-1/2" W x 4-9/16" D with
1-1/8" and 2" diameter knockouts
