

GT Series

## Analog Multi-Tenant Video Intercom with Mobile App

*Reliable entry security for tenants who live and work in either vintage or modern buildings*

# Classic system provides state-of-the-art capabilities for new **AND** retrofit applications

APARTMENTS | CONDOS | BROWNSTONES | TOWNHOMES | OFFICES | HIGH-RISES

*Visitors can be screened from  
inside or while you're on the go!*

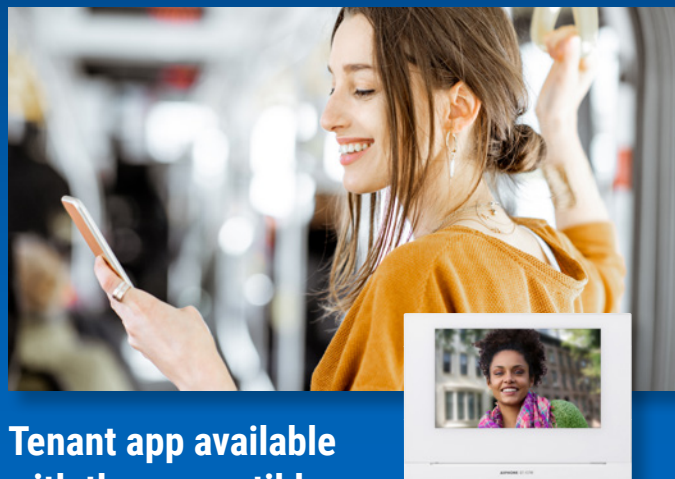

## Use existing wire

Save time and resources without having to pull new wire. The GT Series can be installed in a wide array of configurations using a building's 2- or 4-conductor cable.

## Easily keep it tidy

With the simplicity of bus control units, system components can be homerun or loop wired back to a utility closet or control room.

## Analog Solution with Modern Features

Tenant app available with the compatible tenant station (requires WiFi connection).

Video guard station provides an additional layer of security to screen visitors and communicate with tenants.

Entrance stations are available in single panel or modular styles to fit custom configuration needs.

**With our analog multi-tenant video intercom, an assortment of timeless stations can be combined to accommodate your budget while maintaining your building's modern or vintage aesthetic.**
