

AIPHONE AND HANWHA INTEGRATION OVERVIEW

Integration of Aiphone IX | IXG Series with Hanwha's Wisenet Wave delivers a robust and highly adaptable video monitoring solution. This pairing offers an infinitely customizable IP video management platform suitable for users and organizations of all sizes.

Enable Aiphone intercoms to be utilized like IP cameras, streaming both video and audio feeds from IX | IXG intercoms around the clock to Wisenet Wave. Maximize the capabilities of this integration by taking advantage of the comprehensive video management features available in Wisenet Wave, while further enhancing integration with Hanwha APIs to enable HTTP requests, trigger contacts, or initiate paging.

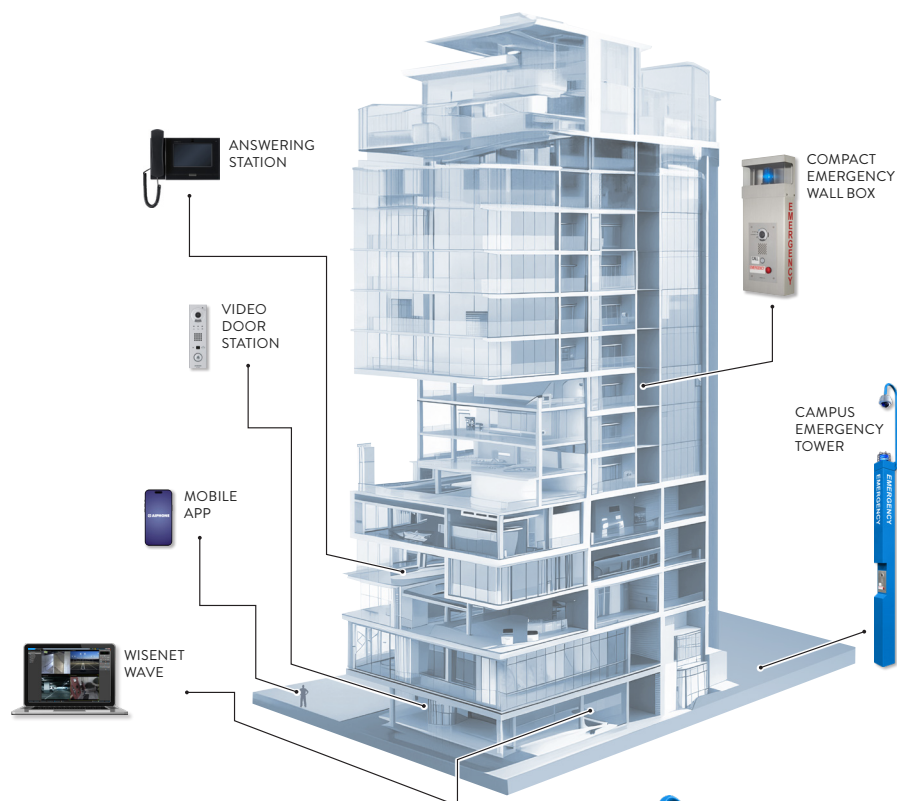

KEY FEATURES

- Stream and record 24/7 Video and Audio from IX | IXG stations
- Intercom Relay Control, Call and Page triggering
- Search intercom video clips by thumbnails, smart motion detection, events or date/time with WAVE VMS intelligent search
- View IX | IXG stations from any operation system with Wisenet Wave
