

DESCRIPTION:

The IS-SS-2RA-R is a stainless steel flush mount audio door station with standard and emergency call buttons. The unit is equipped with ADA compliant lettering and Braille signage for both the standard and emergency call buttons. A call status indicator is included to meet ADA rescue assistance requirements.

The emergency button will trigger two selectable relay outputs for activation of external systems or devices.

The IS-SS-2RA-R unit will connect with CAT-5e or CAT-6 wire to any control unit in the hardwired IS system (IS-CCU, IS-SCU, or IS-RCU), giving you a greater capacity of rescue assistance subs. A directory strip for location identification is also provided. The unit is made of stainless steel and includes tamper resistant screws.

Flush mount supplied back box or surface mount with the SBX-IDVFRA.

FEATURES:

- Audio communication between master station and calling area
- Two call buttons: Standard and Emergency
- ADA compliant lettering and Braille signage
- LED call status indicator
- Red mushroom button for emergency call
- Directory strip
- Stainless Steel faceplate with tamper resistant screws

IS-SS-2RA-R
