IX Series 2
Changing the Call Destination

GENERAL OVERVIEW:

The call destination of a door/sub station can be configured to change from one location to another by either a set time of day or by a schedule. A new group of master(s) will need to be created before the destination can be set.

- Upload the Settings and Schedule to the system
Creating a Group

1.1 - Station View
Switch from Table View to Station View by clicking the Station View button in the top left corner of Support Tool.

1.2 - Called Stations
Expand Call Settings and click Called Stations (Door/Sub Stations).

1.3 - Select a Station
Use the drop-down menu to choose the station number of the door station to be configured, click Select.

1.4 - Select a Group
Use the drop-down menu to choose a new Group Number.

1.5 - Adding Stations to Group
Click Open to view a list of all stations. Click the radio button next to a station and click Ok to add it to the list. Repeat for each station to be added to this group.

1.6 - Update
Click the Update button in the top right corner to save changes.

IX2 door/sub stations will call Group 01 by default. When creating the new group, ensure that the new group is any group other than 01.
