

JO-1MDW

App-Compatible Video Answering Station

The JO-1MDW is a 7" touchscreen answering station that supports up to eight mobile apps, which provides the ability to answer calls and release the door from anywhere.

Communication is VOX or touch-to-talk communication. Calls can be recorded to internal memory (up to 10 calls) or to external memory (up to 1,000 calls). These calls can be viewed on the answering station or via any registered mobile app.

The JO-1MDW is available in three box sets, which are defined below. It is also sold separately.

- **7" touchscreen**
- **App capable (up to 8 apps)**
- **Video memory**
- **microSD™ card increases memory (4GB–32GB FAT32 – not included)**
- **VOX or touch-to-talk communication**
- **Expansion station available (JO-1FD)**
- **Simple wire connection to door**
- **Box sets ensure correct system configuration**

Box sets include one JO-1MDW answering station, one PS-1820UL power supply, and one video door station.
