

## JO-DVF

### Video Door Station

The JO-DVF is a stainless steel flush-mount video door station that is available in the JOS-1FW box set. The station includes a camera, microphone, speaker, call button, low-light LED, backlit nameplate, and tamper-resistant screws for mounting.

It connects to the JO-IMDW answering station or JO-1FD expansion station up to 330' away using 18 AWG 2-conductor solid core cable.

When the call button on the door station is pushed, the answering and expansion stations will ring and the video from the door station will be displayed. Two-way communication is established when the call is answered.

- **Two-way hands-free communication**
- **White LED automatically turns on in low-light conditions**
- **2-conductor wiring**
- **Backlit nameplate**

The JO-DVF video door station is a component of the JOS-1FW box set, which also includes the JO-IMDW video answering station and PS-182OUL power supply. The JO-DVF is not sold separately.
