WARNING Negligence could result in death or serious injury.

CAUTION Negligence could result in injury or damage to property.

WARNING
1. Do not connect any power source other than specified to terminals +, - on KC-1MRD. Fire or damage to the unit could result.
2. Do not open KC-1MRD. High voltage is present inside, and it can cause electric shock.
3. Do not change or alter KC-1MRD. It can cause fire or electric shock.
4. Make sure wires are connected properly before plugging in power supply.
5. Keep the KC-1MRD unit away from water or any other liquid. Fire or electric shock could result.
6. Do not put any forcible strength on the video monitor. Damage may result.
7. Keep AC plug away from moisture or dust.
8. Keep AC cord away from being marred or crushed.
9. Do not plug or unplug with wet hands.
10. Do not put any metal into KC-1MRD through openings. It can cause fire, electric shock or unit damage.

CAUTION
1. Do not install or make any wire terminations while power supply is plugged in. It can cause electrical shock or damage to the unit.
2. Verify chime volume while handset is on the hook. Chime sound from KC-1MRD speaker is loud, and may cause hearing damage.
3. In case of electrical storms, unplug power supply from AC outlet. It can cause fire, electric shock, or power surge damage.
4. Mount KC-1MRD on wall in a convenient location, but not where it could be bumped or jarred.
5. Do not install KC-1MRD in any of the following locations, as it may cause the system to malfunction;
   - High or extreme cold temperature area, such as under direct sunlight, near equipment that varies in temperature, in front of air conditioner, inside a refrigerated area, etc.
   - Places subject to moisture or humidity extremes. (bathroom, cellar, greenhouse, etc.)
   - Places subject to environmental conditions, such as oil, dust, chemicals, salt, etc.
   - Places subject to constant vibration or impact.
   - Places where noise generating devices such as TV or radio are close by.

GENERAL PRECAUTIONS
1. KC-1MRD equipment, except for KC-DAR, is designed for indoor use only. Do not install outdoors.
2. KC-1MRD system is not operational during a power failure.
3. In areas where broadcasting station antennas are close by, intercom system may be affected by radio frequency interference.
4. Keep all DC wiring at least 1'(30cm) away from AC 100~240V wiring, fluorescent lighting, or dimmer switches. Otherwise, cross AC wiring at a 90° angle.
5. KC-1MRD system has to be kept in the distance of more than 33' (1m) away from TV or radio.

Examples of Symbols:

GENERAL PRECAUTIONS: - ! mark indicates caution statement (incl. danger and warning), which is specifically shown inside.
GENERAL INSTRUCTIONS: - @ mark indicates contents which demands a specific action shown inside or attached.
GENERAL PROHIBITIONS: - © mark indicates contents which prohibit a specific action shown inside or attached.

MOISTURE PROHIBITIONS
Master station

Video door station

Using KAW-D 30° angle box

Mounting Precautions

- The video door station employs a CCD camera, and its performance may be affected by bright direct light, such as strong sunlight, gate light, street or porch light which shines directly into the camera lens.
- Install the video door station in front of where the caller will normally stand.
- When outside temperature lowers sharply, after rain, etc., the inside of the camera may fog up slightly, causing a blurry picture. This is not a malfunction. Normal operation will be restored when moisture evaporates.

2 WIRING

Wiring Precautions

- Keep all wiring at least 30cm, 20° away from AC 100–240V wiring, fluorescent lighting, or dimmer switches. It may cause noise interference or malfunction.
- Use a parallel conductor cable. Coaxial cable cannot be used.

Vinyl jacketed, PE (polyethylene) insulation cable is recommended. For other types of cables, normal operation and max. communication distance cannot be guaranteed.

- Extra wire(s) in the installed cable can affect image quality, and must be terminated with a 120 ohm resistor at each end.

If proper cable is not used, system may malfunction.
Do not use extra terminals for other purposes.

Insert the cable into terminal. Release button
If cable cannot be inserted into slot, try inserting the cable while depressing release button.

KC-DAR
Terminate wires
Plug in connector (supplied)

KC-1MRD Bottom view

① TONE volume
② MONITOR volume
③ BRIGHT control
④ White LIGHT illuminator OFF or ON selector

There is a white dot or a portion steadily lit on the monitor. It must be noted in advance that the TFT Color LCD panel, though manufactured with very high precision techniques, inevitably has a very small portion of picture elements that are either steadily lit or not lit at all, which is not considered a unit malfunction.

4 SPECIFICATIONS

**KC-1MRD** (Master station)

- **Power source**: 24V DC, 1 A Use PS-2410A
- **Consumption**: Max. 650mA, 50mA standby
- **Call-in**: From video door station: 4-tone chime
- **Wiring Distance**: ① KC-DAR～KC-1MRD 0.65mm ② KC-1MRD～IER-2 1.0mm ③ 22AWG ④ 18AWG
- **Communication**: Simultaneous with handset
- **Video monitor**: 4 inch TFT color LCD
- **Ambient temperature**: 32°F～104°F (0℃～40℃)
- **Housing**: Fire-retardant ABS plastic
- **Color**: White
- **Dimensions**: 7-1/4"(W) x 7-3/4"(H) x 3-1/2"(D) (185(W) x 195(H) x 88(D)mm)
- **Weight**: 2.2 lbs (1kg) approx.
- **Door release**: 12V AC, 400mA.

**KC-DAR** (Video door station)

- **Power source**: 12V DC in standby, 22V DC in operation (supplied from KC-1MRD)
- **Consumption**: 4mA approx. in standby, 350mA approx. max
- **Camera element**: 1/4 inch color CCD
- **Image view area**: Approx. 2' Horiz., 3'9"～7'9" Vert. at 4'3" high (up to box center) and at 20" from camera. (60cmH, 111～235cm V at 130cm high & 50cm away)
- **Lighting at night**: White light cast up to 1' (30cm), in front of camera. **Background scene beyond 1' (30cm) cannot be seen.**
- **Communication**: Simultaneous in open voice
- **Ambient temperature**: 14°F～140°F(-10℃～60℃)
- **Housing**: Fire-retardant ACS plastic.
- **Color**: Gray
- **Dimensions**: 4-1/8'(W) x 5-1/2'(H) x 1-3/4'(D) (105(W) x 140(H) x 44(D)mm)
- **Weight**: 0.68 lbs.(310g) approx.
