

WIRING DIAGRAM

TD-1H(M) MODIFIED FOR LED CALL ACTIVATION

Notes:

1. TD-1H(M) feature off hook ringing. When one TD-1H(M) handset is picked up the other TD-1H(M)'s will ring until the call is answered or the calling handset is hung up.
2. Both TD-1H(M) have an LED light that oscillates to indicate a call-in. The TD-1H(M) labeled "Light and Call Tone" also provides a standard tone when it receives a call-in.
